Business Process Associate

resulting in increased potential revenue and leads at WNS.

Employee of the Month (Multiple times)

Agilent Technologies Inc.

2010-06-11

Designing and integrating ACS 2.0 across Agilent.

VOLUNTEER EXPERIENCE

Deer Park Junior and Senior Public School

Volunteer - I managed a highly popular and frequently visited attraction at the fun fair: a lively bouncing trek track. The line of children seemed never-ending, as everyone eagerly wanted to bring their kids to experience it.

Cambridge Foundation School - India

Mentor - Mentored and judged at the 3rd Sheila Verma Memorial PAN India Inter School Competition 2021-2022. As a judge for the Appelicioius Category, I assessed over 20 mobile apps created by students based on parameters defined by the school. Provided constructive feedback from digital, UX, and innovation perspectives.

WNS

Mentor - WNS Care Foundation organized an event for underprivileged children aged between 8 and 10 years at a government school in Gurugram. During the session I conducted, I explained the concept of evaporation and encouraged self-directed learning, while also providing a brief introduction to science.

RD Rajpal School (Dwarka) - India

Education Mentor - Hosted a workshop for students in grades 5-7, offering guidance on improving photography skills and sharing fundamental principles of the craft.

Agilent Technologies

Photographer - Photographs were donated, and the proceeds were directed to benefit a childcare center.

REFERRALS

References upon request

Agilent Technologies Inc, India *May 2007 - Apr 2015*

- Represented E-Biz team to Agilent IT, Business Center, Marketing Team, Sales Team, and Customer Master Data while making any business decision
- Team member of Green Belt project which helped in identifying the missing payments.
- Executed analysis on 80+ pages in a website and utilizing Site Catalyst to improve traffic
- Successfully integrated new version of ACS 2.0 company-wide
- Monitored external agencies involved in online surveys
- Have used multiple sources like sap, Siebel, oracle, Siebel Analytics, Hyperion and internal databases
- Developed a dynamic database to fulfill broad reports creation and statistics generation requirements of the group by integrating historical data and appending monthly update
- Designed clear and concise reporting dashboards using Business Objects to support insights into customer behavior and business metrics.
- Managed the Online Customer feedback loop for commerce related feedback and requests.
- Implemented web analytics tracking to monitor critical KPIs, enabling data-driven insights on traffic quality, user behavior, top keywords, and high-traffic pages.
- Prepared generation of reports using different sources - SAP, Siebel, Siebel Analytics, and Hyperion and used to share with stakeholders in presentation form using charts & pivots.

Highlights

- Conferred with Performance Award, Employee of The Month for successfully streamlining the ACS process and for many more automations.
- Visited the United States twice for transactional of a new process, Business Enhancement & Web Integration

DECLARATION
